

30 September 2015

Dear Parent

As part of our professional development for teachers at Blessed Trinity, we will be using a video based system called IRIS to develop our teaching practice. The use of this system has been authorised by Governors as part of our drive to move the school to outstanding. IRIS allows teachers to record, reflect on and analyse their own practice within the classroom.

The cameras will record the teaching and learning practices during the lesson so the teacher can reflect on their lesson to improve learning outcomes for pupils. The video is private and will not be shared with any other teacher without permission.

We shall be using the system in line with the Video Recording for Staff Development Policy 2015 – 2016, which can be found on the school's website.

Please complete the form below if you do/do not give your permission for your child to be filmed for teaching and learning purposes.

If you need any further information, please do not hesitate to contact me.

Yours sincerely

D Williams (Mrs)
Associate Deputy Headteacher
