Useful websites to help you improve your Spanish Vocab Learning:

<https://quizlet.com/class/1892840/> - we have added key AQA exam vocab by topic in manageable chunks. You can use on your mobile or computer.

<http://www.aprender.org.uk/> - vocab tester, select the tier F or H vocab, and see which ones you know, categorise and practice the ones you don't know.

<http://www.espanol-extra.co.uk/> - good for learning new vocab, lots of little games and puzzles to help learn and recap vocab from all topics. Differentiated for higher and foundation vocab. Click on 'Free resources' at the bottom right hand side.

<http://www.studyspanish.com/> - a site with lots on, good for learning new vocab and practising grammar. Word of vocab of the day, idioms,

<http://www.spanishlanguage.co.uk/palabradia.htm> Sign up to the palabra del día and get your own Spanish word of the day emailed to you daily.

Reading:

<http://www.bbc.co.uk/schools/gcsebitesize/spanish/> - Good and lots of good practice by topic for reading and listening papers.

<http://www.elgancho.es/> - a Spanish newspaper aimed at kids, different sections, news, sport, tv and film etc

<http://elpais.com/> - A online version of one of most popular Spanish newspapers (similar to The Times - this is quite hard. Can you pick out headlines or the gist of texts?)

Listening

<http://www.listenlive.eu/spain.html> - A great website with lots of links to Spanish radio stations where you can listen live.

<http://www.rtve.es/radio/> - national radio station in Spain, lots of talking (similar to bbc2) In addition to listening live you can listen to podcasts - the advantage being that you can listen to the same thing over and over again.

<http://los40.com/> - pop radio station in Spain, plays lots of English songs and not that much talking. You could make listening to it part of your routine while you do other things to get you used to hearing Spanish.

<http://www.cadena100.es/> - another pop radio station in Spain plays quite a lot of English songs, but plays more Spanish songs than los 40.

<http://www.youtube.com/>

Extra's! - A Tv sitcom (similar idea to Friends) but aimed at students learning Spanish. Approx 30 min progs Go on YouTube and type in Español Extra
Los simpsons en Español - you can get lots of programs in Spanish often with subtitles too.

<http://www.ashcombe.surrey.sch.uk/07-langcoll/MFL-resources/spanish/sp-video-index.shtml> Videos in Spanish with quizzes to go with them. You need flash player.

<http://www.lingus.tv/> - some good videos in Spanish with Subtitles. Go by topic, authentic Spanish but very clear. Each video has a transcript, translations and explanation.

<http://lyricstraining.com/> - Great fun! When you go on change the language to Spanish. There are different levels of difficulty, type in any Spanish artist (Juanes, Enrique, Shakira, Paulina Rubio etc) choose a song and then fill in the gaps that are missing.

Grammar and improving writing:

www.wordreference.com Online dictionary - use this and not an online translator

<http://www.idiomtranslator.com/ENG/como-funciona.html> - good website to find new idioms to put into your work. You type in the idiom in English and it will accurately translate it into Spanish... but be careful you need to remember to change your verb. (Also there are a limited number of idioms in the site so not everything you look for will be in)

<http://text-to-speech.imtranslator.net/> Paste in some (corrected!) text to the text box and choose Spanish from the drop-down language menu - listen to how to pronounce it and practice yourself!

<http://memorizer.me/>

A tool to help you learn controlled assessments off by heart. Trust it and follow it through the steps.

<http://www.conjugation.org/> Online verb conjugation tool - you type in the verb and it shows you all forms of all tenses

<http://spanish.typeit.org/> Saves you having to know the Spanish character codes or use insert symbol.

<http://www.studyspanish.com/tutorial.htm> Use menu on left to choose your area and explore!
